City of Frisco, Texas

Memorandum

To: Tom Johnston, Purchasing Manager

cc: Paul Knippel, P.E., Director of Engineering Services
Shelley Lang, P.E., Senior Traffic Engineer
Tracy Nichols, Traffic Signal and Lighting Supervisor

From: Brian Moen, P.E., Assistant Director of Engineering Services

Date: June 15, 2010

Subject: Purchase of Traffic Signal Repair Services

Transportation engineering needs to purchase repair services for the traffic signal at DNT and US380 from Durable Specialties. On July 17, 2009 one of the permanent traffic signal poles at the intersection was damaged in a traffic crash. Wooden temporary signal poles were installed that day as part of the emergency repairs. One of those temporary wooden poles was damaged in another traffic crash that occurred on August 29, 2009. This request will replace all temporary repairs with a new permanent signal pole.

The total cost of the permanent repairs is \$28,300. The city will purchase these repair services from Durable Specialties using City of Frisco Bid 0902-024.
